Kitchener, Ontario

Coronavirus COVID-19 Pandemic Update

In light of the COVID-19 Pandemic declaration by the World Health Organization and the Government of Canada, Golden Windows has been taking various precautionary measures and adjusting our operations to ensure the health and safety of our employees, vendors and customers.

At this time, we have reached the decision to operate on a very limited scale while ceasing plant operations from Monday, March 30, 2020 to Friday, April 10, 2020, with our full return on Monday, April 13, 2020.

To our valued customers – if you have any questions related to an order, delivery, or service, please contact your sales representative. Also, you can continue to process your payments as always.

We are taking this situation seriously and want to ensure that we all remain healthy and safe.

May you experience health and peace during these trying times!
